

QUALITY VISION BEGINS WITH QUALITY CARE

At the Yonge Eglinton Laser Eye Centre, we like to keep things simple. When you book surgery with us, you will receive everything you need before, during and after your surgery. We are happy to provide:

- Wavescan, and other pre-op testing if needed
- Surgery using only the most advanced technology:
 - 100% Blade-Free 100% Customized
- Surgery performed by some of Canada's leading Corneal Specialists
- At-home care kit: includes all required medications, eye drops, goggles and sunglasses
- 24-7 access to our surgeon's post-surgery
- Post-op visits up to 3 months' post-surgery
- Lifetime commitment
- VIP Status – You will join our growing community of **Visually Improved Persons**. You will receive exclusive information on upcoming promotions and Special Events

Please select a surgeon or day for surgery from the list below:

Surgeon	Day	Fee per Eye
Dr. Rabinovitch	Wednesday	\$2,600

*No additional taxes (HST) *Surgery is a tax deductible medical expense *Fees valid from Jan. 1, 2014 – Dec. 31, 2014

Patient Name: _____

Wavescan: _____
Please leave your contact lenses out prior to the Wavescan as per note below.

Procedure: _____

Please arrive for your scheduled appointments on time. We request at least one week's notice if you need to re-schedule or cancel any of these appointments.

Prior to the surgery and the Wavescan:

- avoid intense eye strain at least 2 hours prior to the Wavescan; i.e. intense reading or computer work
- leave your SOFT contact lenses out at least 48 before,
- leave your RGP contact lenses out 2 weeks before,
- leave your HARD contact lenses out 4 weeks before your procedure.

Also remember to:

- make arrangements to have someone drive you home after your surgery.
- DO NOT wear make-up or perfume on the day of your laser correction.
- have something to eat and drink prior to your appointment.

We are happy to complete forms or provide letters for insurance purposes. The fee is \$50.00
